KAROLINA KOZUBIK

Python enhtusiast interested in backend technologies

I've started developing my programming skills as self-learner, and currently am a student at Silesian University of Technology. I am fond of backend technologies, but also able to prepare simple frontend designs. I develop my abilities constantly by participating in open-source projects and programming challenges. I am also a bloger.

CONTRIBUTIONS TO GITGUARDIAN/GGSHIELD

Python open-source

I solved several issues in this open-source project. I succesfully communicated with the team maintaining this project and made corrections according to the project's standards.
